Subject: Updates to EPA+Partners deliverable distribution list
Date: 03/15/2007 10:52 AM

Chip -

As you requested yesterday, I have noted on my distribution list and informed Integral that you no longer wish to receive multiple copies of the LWG's data reports.

I wanted to follow up with you on my suggestion that it might be useful for the EPA+partner team to revisit the current distribution of documents to make sure that the LWG deliverables are getting to the right people at the right time. I think clarification is specifically needed on how many copies go to EPA in Seattle and who should receive them.

thanks!
valerie
